<b>Comments / notes on tonight's mission and this interpretation:</b> <p><b>Taylor:</b> Significant expansion and intense heat on all sides of the fire with the exception of the southeast corner. The previous burn period expansion areas are still showing pockets of heat across the landscape.</p> <p><b>Grave Creek:</b> <i>Including Ditch Creek</i>, several pockets of intense heat in the south and southwest portion of the fire, other areas showing isolated heat sources across the perimeter area.</p> <p><b>Pleasant Creek:</b> No expansion, isolated heat sources throughout the perimeter area</p>
